(a) Extended mass layoffs cover layoffs of at least 31-days duration that involve 50 or more individuals from a single employer filing initial claims for unemployment insurance during a consecutive 5-week period. Approximately 30 days after a mass layoff is triggered, the employer is contacted for additional information. Number of separations as reported by the employer. \* Less than 3 events; not reportable due to confidentiality. (b) Worksites in multiple counties not identifiable by county.

### **Mass Layoffs Data Discontinued**

On March 1, 2013, President Obama ordered into effect the across-the-board spending cuts (commonly referred to as sequestration) required by the Balanced Budget and Emergency Deficit Control Act, as amended. Under the order, the Bureau of Labor Statistics (BLS) must cut its current budget by more than \$30 million, 5 percent of the current 2013 appropriation, by September 30, 2013. In order to help achieve these savings and protect core programs, the BLS will eliminate two programs, including Mass Layoff Statistics, and all "measuring green jobs" products. The final release of Mass Layoffs Statistics data will occur on June 21st, with publication of the May 2013 data.
